Total	Overall Score	100	97

Feedback:

This is an excellent submission that demonstrates a strong understanding of Generative AI concepts and their practical applications. The work is comprehensive, well organized, and technically accurate throughout. To make future submissions even stronger, explain some concepts more in your own words and include more personal observations and independent analysis. Overall, this is a high quality submission with only minor areas for improvement.

Performance Bands

90 to 100: Excellent
80 to 89: Very Good
70 to 79: Good
60 to 69: Satisfactory
Below 60: Needs Improvement
