Total	Overall Score	100	90

Feedback:

A well structured and technically accurate submission that demonstrates a strong understanding of Generative AI concepts. To achieve an even higher score, include more personal examples, deeper analysis in comparisons and research, and more original insights in the reflection to better showcase independent thinking.

Performance Bands

90 to 100: Excellent
80 to 89: Very Good
70 to 79: Good
60 to 69: Satisfactory
Below 60: Needs Improvement
